

Looking for African-American adults 60 and over!

Want to be more independent and active? Talk to your friends and family more?

#484848189

Let's see if an Alexa program can help you stay active, independent, and connected to your friends and family! Team up with this health research study to test if this program might help adults like you exercise and stay connected.

Do you have a friend or family member 60 or older?
TELL THEM ABOUT THIS OPPORTUNITY!

Any questions? Connect with the study team or call us at 312-508-0706!
